

459. Subjective health assessment in 5 regions

Turrall, K. (1992) *An analysis of 5 health and lifestyle surveys*. MSc dissertation, Southampton University, Faculty of Mathematics, Table 3.52, 43.

The table shows subjective assessments of personal health by respondents in 5 separate health and lifestyle surveys. Interest lies in whether or not the regions differ in this regard.

Region	Health		
	Good	Fairly good	Not good
Southampton	954	444	78
Swindon	985	504	87
Jersey	459	175	43
Guernsey	377	176	35
West Dorset	926	503	109
