416. Height and resting pulse measurements for a sample of hospital patients

The data show the heights (in cm) and resting pulses (beats per minute) for a sample of hospital patients. One question of possible interest is whether or not there is a relationship between height and pulse rate.

Height	Pulse	Height	Pulse	Height	Pulse
	60	170	80	168	90
160	68	148	82	178	80
167	80		76	182	76
162	84	175	84	167	80
175	80	160	-	170	84
185	80	153	70	160	80
162	80	185	80		80
173	92	165	82	182	80
167	92	165	84	168	80
170	80	172	116	155	
170	80	185	80	175	104
163	80	163	95	168	80
158	80	177	80	180	68
	80	165	76	175	84
157	78	182	100	145	64
160	90	162	88	170	84
170		172	90	175	72
177	80	177	90		
166	72	111	70
